Introduction

This guide describes how to set up your phone and provides a brief overview of its features. Start by configuring an extension in the phone system. Refer to the *FortiVoice Administration Guide* for information about configuring an extension.

For further details about your phone, please see the *FON-C71 User Guide*.

Box includes

The following items are included in the box:

FON-C71 Conference phone

Ethernet Cable

Quick Start Guide

Installation

Connecting the phone

1. Connect the WAN port to the network with the provided Ethernet cable.
2. If the network supports PoE, a power adapter is not required. If PoE is not supported on the network, connect the (optional) power adapter to the DC 12V/1A power jack.

Setting up the phone

The phone supports plug and play installation and will automatically download its configuration from the FortiVoice system. The phone will display the extension number and name when it has registered.

Once configured within the FortiVoice system, reboot the phone to download its configuration and register to the system.

The following icons will be displayed on the LCD screen of the phone to indicate the registration status:

No Service - Not Registered/Registering

- Registered

Using the Phone

Soft Key	Function
<i>History</i>	Brings up the Call Logs.
<i>Directory</i>	Brings up the Phonebook.
<i>DND</i>	Toggles Do Not Disturb on and off.
<i>Menu</i>	Brings up the <i>Settings</i> menu.

Button	Function
	<i>Off-hook</i> — takes phone off hook in order to start a call.
	<i>On-hook</i> — places phone on hook, ending a call in progress.
	<i>Bluetooth</i> — opens the Bluetooth settings.
	<i>Mute</i> — toggles the microphone on and off.
	<i>OK key</i> — displays phone status on LCD screen, confirms choices within menus.

Troubleshooting

Symptom	Corrective Action
Display is blank	Confirm the phone's power source. <ol style="list-style-type: none">1. If you are using the power adapter:<ul style="list-style-type: none">• Ensure it is plugged in. If it still doesn't work, replace the power adapter.2. If you are using Power over Ethernet (PoE):<ul style="list-style-type: none">• Ensure your Ethernet cable is plugged into the WAN port on the back of your phone.• Ensure the POE switch is properly configured. If it still doesn't work, replace the Ethernet cable.
Phone not receiving a DHCP IP Address	The DHCP server is not responding. <ol style="list-style-type: none">1. Ensure your DHCP server is online. This is typically your router.2. Reboot the router or DHCP server.3. If you are still experiencing issues, the phone may require advanced network configuration. Please contact your administrator.
<i>No name and Extension Number</i> is displayed	Your phone is not registered. <ol style="list-style-type: none">1. On the <i>Extension</i> page of the FortiVoice interface, ensure the MAC address is correctly entered and the <i>Phone Type</i> is <i>FON-C71</i>.2. Save your configuration and reboot the phone.
No audio during a call	Make sure the phone is properly registered with the phone system.

Cautions and Warnings

Environmental specifications

Refer to specific Product Model Data Sheet for Environmental Specifications (Operating Temperature, Storage Temperature, Humidity, and Altitude).

Référez à la Fiche Technique de ce produit pour les caractéristiques environnementales (Température de fonctionnement, température de stockage, humidité et l'altitude).

Safety

Caution: This equipment is to be used in a Network Environment 0 per IECTR 62101. This product is connected only to PoE networks without routing to the outside plant.

Attention : Ce matériel doit être utilisé dans un Environnement Réseau 0 par IECTR 62101. Ce produit est uniquement connecté aux réseaux PoE sans installation externe de routage.

This product is intended to be supplied by a Listed Direct Plug-In Power Unit marked LPS or Class 2 and rated 5 Vdc, 2 A or by 48 Vdc from PoE source.

Le produit doit être alimenté par un bloc d'alimentation à courant continu homologué UL de 12 Vdc, 2 A nominal marqué LPS ou Class 2 ou par une source d'alimentation par Ethernet de 48 Vdc (PoE).

E911 and use with multi-line telephone systems

Please note the use and operation of this phone as part of a multi-line telephone system (MLTS) may be subject to state and/or federal E911 MLTS laws that require the MLTS to provide a caller's telephone number, extension, and physical location to applicable state and/or local emergency services when a caller initiates a 911 call. The MLTS may not provide a caller's telephone number, extension, or physical location information to emergency services when a caller dials 911, and compliance with state and/or federal E911 MLTS laws is the sole responsibility of the purchaser of this phone.

Privacy

This phone implements security and encryption technologies. However, privacy of communications may not be ensured when using this telephone.

Regulatory Notices

Federal Communication Commission (FCC) – USA

This device complies with Part 15 of FCC Rules. Operation is subject to the following two conditions:

1. this device may not cause harmful interference, and
2. this device must accept any interference received; including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if it is not installed and used in accordance with the instruction manual, it may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Innovation, Science and Economic Development (ISED) – Canada

This device complies with ISED license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'ISED applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

For product available in the USA/Canada market, only channel 1-11 can be operated. Selection of other channels is not possible.

Pour les produits disponibles aux États-Unis/Canada du marché, seul le canal 1 à 11 peuvent être exploités. Sélection d'autres canaux n'est pas possible.

Radiation Exposure Statement

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Cet équipement est conforme aux limites d'exposition aux rayonnements ISED établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20cm de distance entre la source de rayonnement et votre corps.

European Conformity (CE) – EU

This is a Class B product. In a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.

The product transmits within the frequency ranges and less than or equal to the power listed below:

2412–2472 MHz less than 20 dBm.

Simplified EU Declaration of Conformity

This declaration is only valid for Fortinet products (including combinations of software, firmware and hardware) provided by Fortinet or Fortinet’s authorized partners to the end-customer directly for use within the EU or countries that have implemented the EU Directives and/or spectrum regulation. Any Fortinet products not obtained directly from Fortinet or Fortinet’s authorized partners may not comply with EU Directives and Fortinet makes no assurances for such products.
